«BELAN PLUS»

Limited Liability Company

1 Kirpichnaya St., 247490 Rechitsa, Gomel region,

Republic of Belarus

Ph.: +375 29 650 91 26

Ph./fax: +375 232 22 37 13

E-mail: belanplus@yandex.ru, www.polydrev.by

Type of activities: LLC «Belan Plus» has developed thermal insulation manufacturing technology for revetment and simultaneous finishing of residential and not residential premises (thermopanel «Belan»). This product is a panel consisting of thermal insulation and a concrete tile where polyurethane foam is used as thermal insulation. The main benefits of the thermopanel «Belan»:

- size 872mm x 655mm x 50mm.
- high energy efficiency (heatsaving).

- durable and esthetic appearance.
- fast and inexpensive assembling.
- ecological compatibility.

There is almost total absence of costs for the facade renewal during the building operation.

Panels have passed climatic tests. Based on the research findings the use durability of the panels «Belan» is high for winterization of residential and not residential premises according to EN ISO11341. Nowadays the thermopanel «Belan» have passed tests and have got permission to application in the construction industry in Germany.
